A high-school student Kyouko Aomono seeks the help of a detective in solving a mystery involving her uncle's sudden death. The detective is the brilliant and idiosyncratic mathematics teacher, Joutarou Kariu. They set out to solve puzzles in a locked room in a campus building, which is rumored to have been abandoned for around 40 years. Based on the popular mystery novel of the same name by author Natsume Souseki, "Hyoka | Hyouka" follows their adventures as they navigate through multiple different mysteries and oddities at such an isolated school (the story does not take place at any real high school). The story is told in a literary fashion, using words sparingly. Opening Theme: "Sound of Rain" by Tenmon feat. ELISA Closing Theme: "Kimi ni Matsuwaru Mystery" by Chata
